

MACTECH

BB 6000 6" BORING BAR SYSTEM

MACTECHONSITE.COM

PRODUCT DESCRIPTION

Mactech's simple to operate BB6000 Boring Bar is the solution for any bore repair that needs to be done right away. Powerful, accurate machining gets your equipment up and running fast, reducing your downtime and saving you money. The BB6000 system can utilize Hydraulic or Electric drive motors. Custom setups are our specialty, give us a call and we will make a system suited just for your application.

Contact Mactech about our Facing Arm options!

All dimensions and hydraulic requirements are for reference and may be subject to change without notice. Machine performance is subject to application and operator capability; please discuss your requirements directly with a Mactech sales representative. All information given and all sales made by Mactech Inc. are subject to their terms and conditions.
