

# BB1750 BORE REPAIR SYSTEM

MACTECH PORTABLE MACHINING SOLUTIONS

## On-site Portable Bore Repair System Saves Time and Money

**Mactech's portable BB1750 Bore Repair System** is a powerful and versatile machine for in-line bore machining, welding and repair. The compact size and easy set-up make this one of the most efficient bore repair systems on the market. A powerful variable speed motor can cut through the toughest materials. The spherical fixture mounting system makes installation and centering a snap. The **BB1750** can be changed from machining to welding in seconds, making your bore repairs quick and easy, all done on-site to save the time and expense of shop repair.

### Features
